

Whoa! They Can't Stop PL

Someone needs to tell these natur

Did Khloé get Kylie hooked?

PUFFED-UP PUCKER

Jessica Simpson may be slimming down, but the 34-year-old's pout keeps getting larger! "Her top lip appears artificially full," says Beverly Hills-based plastic surgeon Dr. William Bruno of Jess' likely overuse of fillers.

SUDDENLY SULTRY

Kylie Jenner's ridiculously inflated lips spell trouble for the teen, 17, who seems to be following in her sisters' footsteps — straight to the plastic surgeon's office.

LIP SERVICE

Khloé Kardashian, 30, isn't fooling anyone with that crazy Kisser! "Her upper lip has a very unnatural shape," says NYC-based plastic surgeon Dr. Matthew Schulman.

The Trout Pout Hall of Shame!

SWOLLEN SMACKER

She may deny injections, but 28-year-old Lindsay Lohan's amped-up kisser tells another story.

MOUTHING OFF

Nicole Kidman, 47, must've forgotten about her lip injections when she declared, "No surgery for me!"

FAMOUS OFFENDER

Her lips are sealed, but 52-year-old Meg Ryan's Joker-like smile leaves little doubt she's gotten work done.

PLUMPING Their Lips

How often do you see a really pretty star that bigger is not always better!

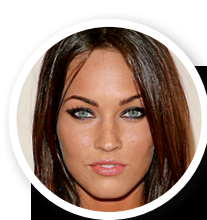

SUSPICIOUS SMIRK

Singer Lana Del Rey, 29, needs to quit while she's ahead – more filler (which she denies getting) on the border of her upper lip would put her in duck-face territory!

OVER-THE-TOP

"She appears to have excessive filler in both the upper and lower lip," Dr. Bruno says of Anna Faris, 37, who – despite her rep's claim that there is "no truth" to plumping rumors – looks like she can barely smile.

VERY OVERDONE

Megan Fox's transformation – including a now-supersize mouth (her rep denies injections) – makes us wonder why the star, 28, messed with perfection.

SURGICAL SMILE

Jenna Jameson, 40, didn't just get bigger boobs: "Her lips are clearly over-plumped," says Dr. Schulman, likely of Juvéderm or Restylane fillers.

SIGNATURE SMILE

"I never had a career before the lips," says Lisa Rinna, 51, who recently had some silicone removed.

READY TO BURST

At least she has a sense of humor: Taylor Armstrong, 43, once jokingly likened her pucker to a horse's!

FILLED TO THE BRIM

"I had my lips done," *Mob Wives'* Big Ang, 54, says proudly. "I'm hot and sexy and men just love me." OK then!
